

UNIVERSE FORMULATIONS
PASSION FOR WELLNESS

PRODUCT CATALOGUE • EST. DECEMBER 2018

Specialists in Complete Eye Care

A curated range of ophthalmic and healthcare formulations,
crafted with clinical precision and presented with the
standards of premium pharmaceutical care.

01 — FOUNDER'S MESSAGE

A Vision Rooted in Care

**Rupali Satish Gundamwar**

Founder & Director, Universe Formulations

Universe Formulations was founded in December 2018 with a singular conviction — that quality eye care should be accessible, dependable and delivered with genuine compassion. What began as a focused ophthalmic initiative in Nagpur has grown into a trusted formulation house serving pharmacies, hospitals and healthcare professionals across the region.

Every product that carries our name is the result of rigorous formulation science, careful sourcing and an uncompromising respect for the people who depend on it — our patients, our doctors, and our partners in care. This catalogue is a reflection of that commitment, and an invitation to grow together.

"Passion for Wellness is not our tagline — it is our promise."

**Our Vision**

To be India's most trusted name in complete eye care, recognised for formulation excellence, ethical practice and measurable impact on patient wellbeing.

**Our Mission**

To design, manufacture and deliver scientifically sound ophthalmic and healthcare products that healthcare professionals can prescribe with confidence.

Company Introduction

Universe Formulations is a Nagpur-based pharmaceutical marketing company specialising in complete eye care, alongside a growing portfolio of pain management, gastro-care and general healthcare products. Backed by WHO-GMP certified manufacturing partners, we combine clinical rigour with a patient-first philosophy in everything we bring to market.

02 — ABOUT US

Formulating Trust, One Drop at a Time

Universe Formulations is a Nagpur-based pharmaceutical company specialising in complete eye care, established in December 2018 under the leadership of Ms. Rupali Satish Gundamwar. Over the years, our portfolio has expanded thoughtfully — from foundational lubricating and antibiotic eye drops to targeted anti-allergic, anti-inflammatory and nutraceutical formulations, alongside select offerings in pain management, gastro-care and general healthcare.

Our Values

Integrity

Every claim we make is backed by science, and every partnership is built on trust.

Formulation Excellence

Rigorous R&D and quality control behind every product we release.

Patient-Centricity

We design for the person at the end of the prescription — always.

Consistent Quality

WHO-GMP certified manufacturing ensures batch-to-batch reliability.

Why Choose Us

- ✓ Specialist focus on complete eye care backed by 18 formulations across 11 therapeutic categories
- ✓ Manufacturing through WHO-GMP certified partner facilities
- ✓ Consistent, well-documented compositions trusted by prescribing ophthalmologists
- ✓ Responsive distributor and pharmacy support across Maharashtra and beyond
- ✓ A growing portfolio extending into pain management, gastro-care and general wellness

03 — OUR PORTFOLIO

Product Categories

A complete, categorised range spanning ocular therapeutics and everyday healthcare — eighteen formulations organised across eleven specialist categories for easy reference by prescribers and pharmacists.

Lubricating Eye Drops

Advanced tear-substitute formulations that relieve dryness, irritation and digital eye strain.

Antibiotic Eye Drops

Broad-spectrum ophthalmic antibiotics for the management of bacterial eye infections.

Antibiotic + Steroid Eye Drops

Dual-action combinations that treat infection while controlling inflammation.

Anti-Allergic Eye Drops

Fast-acting relief from itching, redness and watering caused by allergic conjunctivitis.

NSAID Eye Drops

Non-steroidal anti-inflammatory drops for post-operative and inflammatory ocular care.

Eye Care Supplements

Nutritional support for long-term ocular health, macular function and antioxidant defence.

Cataract Care Supplements

Specialised electrolyte-based ophthalmic support for lens clarity and cataract care.

Pain Management

Trusted analgesic and anti-inflammatory combinations for everyday pain relief.

Gastro Care

Gastro-protective formulations for acid-related disorders and digestive comfort.

General Healthcare

Essential nutraceuticals supporting everyday wellness.

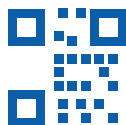

Antibiotics

Broad-spectrum oral antibiotic combinations for common bacterial infections.

LUBRICATING EYE DROPS

Cupidon™ Eye Drop

COMPOSITION

Sodium Carboxymethyl Cellulose 0.5% w/v + Glycerin 0.5% w/v

Cupidon is a gentle lubricating eye drop that cushions and rehydrates the ocular surface. Its cellulose-glycerin base mimics the natural tear film, offering long-lasting comfort for eyes fatigued by screens, wind or dry environments.

Key Benefits

- ✓ Restores the natural tear film
- ✓ Soothes dryness within seconds
- ✓ Comfortable for daily, frequent use
- ✓ Preservative-friendly gentle formula

Indications

DRY EYE SYNDROME

DIGITAL EYE STRAIN

**CONTACT-LENS RELATED
DRYNESS**

**GENERAL OCULAR
DISCOMFORT**

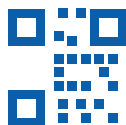

Product Details

Pack Size: 10 ml sterile dropper bottle

Storage: Store below 25°C in a dry place, protected from light. Do not use later than 4 weeks after opening. Keep out of reach of children.

LUBRICATING EYE DROPS

Uniqtear™ Eye Drop

COMPOSITION

Sodium Carboxymethyl Cellulose 0.5% w/v + Glycerin 0.5% w/v

Uniqtear delivers dual-polymer lubrication that spreads evenly across the cornea, extending tear film stability and reducing the friction that causes irritation and redness.

Key Benefits

- ✓ Dual-polymer moisture retention
- ✓ Reduces friction and redness
- ✓ Non-blurring formulation
- ✓ Suitable for daily use

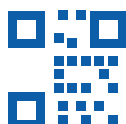

Indications
MILD TO MODERATE DRY EYE
ENVIRONMENTAL IRRITATION
**POST-SCREEN-TIME
DISCOMFORT**

LUBRICATING EYE DROPS

Uniqtear Gel™ Eye Drop

COMPOSITION

Sodium Carboxymethyl Cellulose 1% w/v

A higher-viscosity gel variant of Uniqtear, formulated for extended ocular surface contact time and prolonged relief in more pronounced dry-eye conditions.

Key Benefits

- ✓ Extended-contact gel formula
- ✓ Longer-lasting relief
- ✓ Ideal for moderate to severe dryness
- ✓ Smooth, non-sticky application

Indications

**MODERATE TO SEVERE DRY
EYE**

**NIGHT-TIME OCULAR
PROTECTION**

POST-PROCEDURE COMFORT

LUBRICATING EYE DROPS

Uniqhylo™ Eye Drop

COMPOSITION

Sodium Hyaluronate 0.1% Eye Drops

Uniqhylo harnesses the water-binding power of sodium hyaluronate to provide exceptional viscoelastic lubrication, supporting corneal healing and comfort with a single, high-purity active.

Key Benefits

- ✓ High water-retention capacity
- ✓ Viscoelastic corneal cushioning
- ✓ Supports epithelial comfort
- ✓ Single active, minimal-ingredient formula

Indications

DRY EYE DISEASE

**POST-REFRACTIVE-SURGERY
CARE**

**SENSITIVE OR COMPROMISED
OCULAR SURFACE**

ANTI-ALLERGIC EYE DROPS

U-PAT OD™ Eye Drop

COMPOSITION

Olopatadine Hydrochloride 0.2% w/v

U-PAT OD is a once-daily antihistamine and mast-cell stabiliser that provides sustained control of allergic conjunctivitis symptoms with a single application.

Key Benefits

- ✓ Once-daily dosing convenience
- ✓ Dual antihistaminic and mast-cell action
- ✓ Rapid relief from itching
- ✓ 24-hour symptom control

Indications

ALLERGIC CONJUNCTIVITIS
SEASONAL OCULAR ITCHING
ALLERGEN-INDUCED REDNESS AND TEARING

ANTIBIOTIC EYE DROPS

Moxiverse™ Eye Drop

COMPOSITION

Moxifloxacin 0.5% w/v

Moxiverse is a fourth-generation fluoroquinolone eye drop offering broad-spectrum bactericidal activity against the pathogens most commonly responsible for external ocular infections.

Key Benefits

- ✓ Broad-spectrum bactericidal action
- ✓ Fourth-generation fluoroquinolone
- ✓ Rapid clinical response
- ✓ Well-tolerated on the ocular surface

Indications

BACTERIAL CONJUNCTIVITIS

BACTERIAL KERATITIS

**PRE- AND POST-OPERATIVE
PROPHYLAXIS**

ANTIBIOTIC + STEROID EYE DROPS

Moxiverse-D™ Eye Drop

COMPOSITION

Moxifloxacin Hydrochloride 0.5% w/v with Dexamethasone Phosphate 0.1% w/v (Preservative Free)

Moxiverse-D pairs a potent fourth-generation antibiotic with dexamethasone in a preservative-free base, controlling infection and inflammation together while minimising surface toxicity.

Key Benefits

- ✓ Preservative-free formulation
- ✓ Combined antibacterial and anti-inflammatory action
- ✓ Ideal for sensitive or post-surgical eyes
- ✓ Reduces risk of preservative-related irritation

Indications

**POST-OPERATIVE
INFLAMMATION WITH
INFECTION RISK**

**STEROID-RESPONSIVE
INFLAMMATORY CONDITIONS**

**BACTERIAL INFECTION WITH
ASSOCIATED INFLAMMATION**

ANTIBIOTIC + STEROID EYE DROPS

Rumox-LP™ Eye Drop

COMPOSITION

Moxifloxacin 0.5% w/v + Loteprednol Etabonate 0.5% w/v

Rumox-LP combines Moxifloxacin with the site-active steroid Loteprednol Etabonate, offering effective anti-inflammatory control with a reduced impact on intra-ocular pressure.

Key Benefits

- ✓ Site-active, ester-based steroid
- ✓ Lower intra-ocular pressure impact
- ✓ Combined infection and inflammation control
- ✓ Suited to sensitive post-operative eyes

Indications

**POST-OPERATIVE
INFLAMMATION**

**STEROID-RESPONSIVE

NSAID EYE DROPS

Nepaverse[®] Eye Drop

COMPOSITION

Nepafenac 0.1% w/v

Nepaverse is a prodrug NSAID that converts to its active form within the eye, providing effective control of ocular inflammation and pain, particularly around cataract surgery.

Key Benefits

- ✓ Prodrug technology for targeted activation
- ✓ Effective pain and inflammation control
- ✓ Low incidence of corneal side effects
- ✓ Complements steroid-sparing regimens

Indications

**POST-CATARACT-SURGERY
INFLAMMATION AND PAIN**

**PREVENTION OF CYSTOID
MACULAR OEDEMA RISK**

**OCULAR INFLAMMATORY
